Fanvil

PD1 Pedal Switch

PD1 pedal switch is plug-and-play and easy to deploy. By connecting PD1 to the 3.5mm interface of Fanvil's call center IP phones, users could answer or hang-up the phone call by pedal switch, which can greatly improve work efficiency.

In addition, cable length of PD1 is 2 meters and can be installed in different application sites to the greatest extent, providing users with flexible, convenient and high-quality experience.
